REPORT PRODUCTION GAINS IN ELECTRICAL INDUSTRY;
BOOST LIGHT BULB OUTPUT

UKRAINE UPS ELECTRIC MOTOR OUTPUT -- Kiev, Pravda Ukrainy, 5 Jul 51

The Ukrainian SSR has increased 1950 output of ordinary electric motors 2.5 times and explosion-proof electric motors 3.3 times as compared with 1940.

TASHKENT PLANTS SET 1951 GOALS -- Tashkent, Pravda Vostoka, 29 Sep 51

Enterprises in Tashkent and Tasnkent Oblast have assumed the following obligations for the remainder of 1951:

Enterprises of the Ministry of Electrical Industry: to complete the 1951 plan for gross output ahead of time and to produce 10,500,000 rubles' worth of above-plan production.

The Tashkent Elektrokabel' Plant: to complete the 1951 plan ahead of time, to turn out 10 million rubles' worth of above-plan production, and to increase labor productivity 17.6 percent above that of 1950.

The Tashkent Electrical Engineering Plant: to complete the 1951 production plan ahead of time and to turn out above-plan production worth 500,000 rubles; to lower production cost of goods 2 percent, save 100,000 rubles above the plan, and exceed the plan for labor productivity by 2.3 percent.

SPEED UP LIGHT BULB PRODUCTION -- Moscow, Izvestiya, 8 Jun 51

Automatic machine lines at the L'vov Electric Bulb Plant have been speeded up, increasing the output of bulbs by 20 percent. The plant is now working on automatic machines for making the hooks and coating the sockets of light bulbs, which will increase productivity and free more than ten workers for other tasks.

Kiev, Pravda Ukrainy, 27 Jul 51

CONFIDENTIAL

In 1950, the L'vov Electric Bulb Plant reduced the production cost of goods by 32.5 percent as compared to 1946, and also showed the following gains (in percentages):

	<u>1946</u>	<u>1950</u>
Number of workers	100	450
Output	100	2,420
Wages	100	155

This year, the plant has promised to put out 7,200,000 more electric bulbs than it did in 1950, and to lower production costs of goods by 19.5 percent.

FULFILLS PLAN EARLY -- Moscow, Vechernyaya Moskva, 30 Jun 51

The Moscow Electric Bulb Plant fulfilled its 6-month plan for gross production on 26 June.

INCREASE OUTPUT OF FLUORESCENT TUBES -- Moscow, Vechernyaya Moskva, 31 Jul 51

The Moscow Daylight Bulb Plant, Pervomayskiy Rayon Local Industry Trust, which a year ago made fluorescent fixtures only for the subway, department stores, clubs, and plants, now makes them for the general public. In 1950, the plant increased the output of daylight bulbs five times and lowered the production cost of bulbs three times [in comparison with 1949].

The plant has completed its 6-month plan, producing 10 percent more in the first 6 months of 1951 than it did in all of 1950. The plant saved 152,000 rubles' worth of raw materials in the first half of 1951.

The plant's workers have promised to complete the 1951 program by 1 December.
